# Vladimir Ninković

Vladimir Ninković | Clinical Application Specialist @ Fresenius Medical Care | Medical Devices  
Slovenia

## Summary

Vladimir Ninković Diplomirani Defektolog | Clinical Application Specialist | Early Intervention Expert | Medical Technician

As a Clinical Application Specialist at Fresenius Medical Care Tmon, I apply extensive knowledge and hands-on experience in medical devices to ensure high-quality care for patients with renal diseases. I have held this position since November 2022.

Before relocating to Slovenia, I served as the Director of a private clinic for early child development and early intervention, where I worked as a special education specialist (defectologist), leading personalized programs for children with developmental challenges and coordinating multidisciplinary teams.

Previously, I worked as a Medical Technician at Fresenius Medical Care (August 2019 – July 2024), gaining valuable clinical experience in nephrology and dialysis care.

Provided clinical training and support for Tmon software and dialysis machines across three medical centers.

Experienced in training medical staff on dialysis equipment and software implementation, with certifications in Tmon and GDPR.

I hold a Bachelor's degree with honors in Special Rehabilitation and Education from the Faculty of Medicine, Novi Sad ( Dipl. Defektolog ), University of Novi Sad, and a Diploma in (Medical Technician) from Draginja Nikšić School of medical technician in Sremska Mitrovica, Serbia.

Certified Skills and Competencies:

Pediatric Dysphagia Rehabilitation

Sensory Integration Therapy

Parental Counseling (typical and atypical child development)

Hearing aids and hearing assessment

Clinical application of medical technology  
Parent education and interdisciplinary collaboration

I am deeply passionate about advancing patient outcomes and empowering families through innovative, evidence-based practices. I strive to bridge clinical expertise and human-centered care—ensuring children and patients receive the support they truly deserve.

Ne potrebujem delovnega vizuma. Lahko nemoteno delam v EU.
